

Refresh Us

*Come into the refreshing of the Lord
Come be revived again in the Gospel of peace
Come abide in His spirit,
His love, His joy are everlasting
Peace that passes all understanding is abiding there*

*Oh come, let us go to a place full of the quiet of the Lord
Come let us rest while in His hands
Abide with a caretaker of infinite understanding
Abide in His care, for He cares for you*

*Refresh us Lord
Guide us Lord
Keep us Lord, for we are lost
Gone astray, in need of hope,
Wearied in our well doing
We seek your face
Refresh us.*
